GPS TRACKING

Trailwalker uses GPS trackers to monitor each team's progress. The trackers help us reach teams quickly in the event of an accident or emergency. They also allow your support crew and friends to follow your live location on the route. When you register you will receive information on how to view the live tracker via the Trailwalker website.

GETTING TO THE START / REGISTRATION

Please note: registration and parking is in a field on the **west** side of the A3, close to Queen Elizabeth Country Park. **Please do not park in the public car park.**

From the north: Follow the A3 south from Petersfield for approx. 4 miles. When you see the sign for QE Country Park take the slip road to the left. Keep left, following the road round and under the A3. Take the track to the left before the slip road rejoins the A3.

From the south: Follow the A3 north from Horndean for approx. 4 miles. When you see the sign for QE Country Park take the slip road to the left. Drive slowly and look for the track a short way along on the left.

Look for the marshalls who will direct you where to park.

The car park is in the field next to the registration area. **Please note all vehicles MUST be removed from the car park by 12:00 Saturday 20th September.**

FACILITIES

FOOD & DRINK

Some catering is provided at the event - there will be enough for the four team members and two Support Crew. There will be vegetarian options but we cannot guarantee to cater for vegans or those with intolerances.

Water taps are provided at all checkpoints and two additional water stations (see map on page 10.) We aim to provide hot water at checkpoints but can't guarantee

this - please make sure your Support Crew has a portable stove to make hot drinks and soup.

You will need to bring extra food and drink to fuel your team - most of it will be carried in your support vehicle so you can refuel at checkpoints. You should also carry some snacks with you, such as sweets, energy gels or electrolyte drinks. For more information download the Training Guide from trailwalker.gwt.org.uk/resources.

TRANSPORT & PARKING

Choosing your vehicle

Whether you take your own vehicle or hire a minibus, you will need enough space for the whole team (in case they have to retire) as well as your Support Crew and all your equipment.

It is a good idea to do at least one training walk with your Support Crew and all your kit, so you can make sure everything fits in the vehicle.

Size restrictions apply: vehicles must be no larger than a 12-seater minibus (2.5m high and 5.5m long).

Your team will be given one vehicle pass for your Support Crew - this must be displayed to give you access to each checkpoint.

Please note: most checkpoints are located on farm fields and access may be via a narrow track. Also entrance and exit points can get very muddy. Be prepared!

Parking

There is parking in the field next to the Registration area overnight Friday and on Saturday morning. Do not drive into the camping area.

No vehicles can be left at Queen Elizabeth Country Park after midday on Saturday.

Parking is available at Brighton Racecourse from 18:00 on Friday until 17:00 on Sunday. After this time the exit gate will be locked.

There is also ample parking for friends, family and supporters at Brighton Racecourse - all are welcome to come and cheer you through the finish!

ACCOMMODATION

You're going to need somewhere to rest before, during and after the event – plan well in advance, particularly if you need to book local accommodation.

All participants must register on the Friday evening so will need to sleep at, or close to, the start on the Friday night.

All are invited to a performance by the Band of the Brigade of Gurkhas on the Friday night, followed by a pasta party. It's a great opportunity to relax, enjoy the pre-event atmosphere and meet other participants.

Friday night camping at the start

Courtesy of Queen Elizabeth Country Park, your team can camp free of charge at the start area on the Friday night. You will need to bring your own tent and camping gear. Toilets and drinking water will be available.

Saturday night accommodation

No accommodation is provided on the trail, as teams walk through the night. For Support Crews looking for a place to stay near the route, visit:

www.nationaltrail.co.uk/en_GB/trails/south-downs-way/accommodation/

Saturday night camping at the finish

Courtesy of Brighton Racecourse there will be free camping at the finish from 12:00 on Saturday until 17:00 on Sunday.

No vehicles are permitted in the camping area - please park your vehicle in the car park after unloading. Camping is not permitted in the car park.

Please note the site must be clear by 17:00 on the Sunday and there is no facility for camping on the Sunday night.

Sunday night accommodation

Participants will be exhausted after the event, and it's likely support crews will have had very little sleep too! We recommend you stay overnight in the Brighton area before travelling home.

For details of local accommodation see:

www.visitbrighton.com

TOILETS & SHOWERS

There will be portable toilets at Queen Elizabeth Country Park, at every checkpoint and at Brighton Racecourse.

There will also be showers at the finish and space inside the main building to change, rest and eat.

LOST PROPERTY

If you mislay anything at the event please email trailwalker@gwt.org.uk with a description of the item. After three months any unclaimed items will be disposed of or donated to charity.

Please note: Caravans are not permitted anywhere at the event and cannot be used for camping at the start or finish.

COMPULSORY KIT LIST

You must bring **ALL** of the compulsory items on the kit list, and we will ask you to sign an equipment disclaimer at registration. This is for your own safety and that of your team. Please be reminded it is your responsibility to check the weather forecast at each checkpoint and make sure you are prepared for the next stage. **It is compulsory to wear a head torch between the hours of 8pm on Saturday and 6am on Sunday.**

COMPULSORY ITEMS - TO CARRY - PER PERSON

<input type="checkbox"/>	2 x sets of spare clothing
<input type="checkbox"/>	Min 4 x pairs of spare socks

NAVIGATION

The majority of the route is along The South Downs Way which is signposted - but do not rely on these signs alone.

It is essential that your team and Support Crew carry Ordnance Survey Landranger Maps 197 (Chichester & the South Downs) and 198 (Brighton & Lewes) and that you know how to read them.

The maps and instructions on the following pages will help you to navigate the course. Don't rely on signposts, particularly at night.

Please note: all maps, directions and figures are intended as a guide only. The course has been measured as 100km but GPS watches or trackers may not match the distance exactly.

Course information is accurate at the time of printing, however in exceptional circumstance we may be required to re-route part of the course following a route recce. If this happens we will ensure there is adequate signage to assist you.

SUPPORT CREWS

Support Crews will receive a separate guide with maps and instructions for driving to each checkpoint.

We don't provide postcodes for Support Crews because most checkpoints are on farmland or in rural locations and SatNav will not get you to the exact location. Please follow the printed guide or use what3words.

WHAT3WORDS

We use **what3words** to give you a precise location for each checkpoint. You can download the what3words app on a smartphone.

DOGS

Please do not bring dogs to Trailwalker, even as part of a Support Crew. Landowners kindly allow us to use their land and dogs may scare their livestock.

THE COUNTRYSIDE CODE

Be aware that over 2,000 people will be involved with Trailwalker. The event depends on the continued goodwill of local communities so please be considerate and follow the countryside code:

- Keep to footpaths and do not enter private land.
- Close gates behind you.
- Use toilets and rubbish bins provided at checkpoints, or carry litter with you.
- Be quiet when walking through residential areas at night.

MEDICAL EMERGENCIES

Emergency Medical cover is provided across the course. In the event of a medical emergency call Event Control - the number is printed on the back of this guide. They will dispatch an ambulance or arrange medical evacuation as necessary.

Make sure you have a full first aid kit so that you can treat minor injuries such as blisters, stings and insect bites yourself.

YOUR TEAM EVENT PLAN

Fill in the Event Planner below with your estimated time to complete each stage and planned time for a rest break at each checkpoint. It will help keep you on track and enable your Support Crew to be ready for your arrival at checkpoints. When making your plan, take into account you will most likely be slower in the later stages!
